Dedication

To many, Mr. Nietopski is a man who schedules sports events and spends immeasurable time getting the playing fields in shape. We know him as a person who does immensely more.

The duties he performs around school often find him in his office long after most people have gone home. Yet his family life does not suffer because of his many responsibilities. The pay may not be maximum, but he realizes that money isn't the most important thing in life.

Those who know him well are impressed by his strong religious convictions, which affect everything he does from his coaching to his often humorous outlook on life. Along with this, he exhibits boundless confidence, ambition, and faith, which is felt by the players and other coaches.

We are proud to dedicate Apogee '73 to a man who is invaluable to Cardinal Mooney; noted not only for turning out great basketball and baseball teams, but great people — to Mr. Edmund Nietopski, for all his contributions to people who only wish they could pay him back in some way.

Foremost, you are always there when you are
        needed;

Aiding Mooney and the people in it;

Constantly being seen as a source of
        strength and knowledge.

Understanding one another, yet

Learning along with those you teach.

Together, you are striving to do your best;

Yearning to communicate.

But the *CREST* survived with a little help from Pizza Kitchens and in spite of occasional (?) interruptions from certain *APOGEE* editors, we haven't lost our sanity yet!"

CHESS CLUB

This is the third year for the Chess Club and probably the best yet. The main reason for this is that people are interested. In order for anything to be successful, people must be interested. Of course, a lot of interest was generated by the Fischer-Spassky match last summer. On the other hand, we have done a lot to bring the Chess Club into the public eye.

We tried to accomplish two things this year. First, we wanted to get people to come to the meetings and play each other because that is, really, what the Chess Club is all about; playing chess. And second, as a kind of bonus, we wanted to play other schools in chess. We are accomplishing both things and that's why this is the best year yet for the Chess Club.

Brian Kirk

MATH CLUB

The Math Club is branching out this year. In addition to sessions on various aspects of mathematics, this year we are showing movies and exploring the possibility of going on field trips outside the school. Despite all this expansion, however, the main goal of the Math Club is still looking into the numberless byways of math which are rarely if ever looked at even in college.

Bookstore Workers:

A group of volunteer students who freely donate their services to assisting members in obtaining needed bookstore items for schoolwork. This service is performed both before and after each day of the school year and it is a service that is gratuitously offered by those boys who work in the bookstore.

After school each day the student workers clean the school for the following day. Various classrooms and areas are assigned to be cleaned by the students. The student workers number approximately seventy-five who pay their tuition partially or fully in this manner.

VARSITY FOOTBALL

Scuttling together in August, we began to prepare for 'THE' season. Through hard work and strong determination we *began* to develop into a team — a potential power. Quickly the season began and ended. The Cardinals won and lost. Our football efforts were rewarded by Mooney's first City-Catholic League title. But probably more important each player grew by this experience as a Christian man, for which we thank our great coaches.

"The Cards would like to thank all the fantastic fans for their backing and hope that they will continue their fine participation."

The varsity Cross-Country team had one of its more successful seasons in the history of the sport at Mooney. Despite an enviable record, the team equalled the previous year's performance of placing second in the 11 team City-Catholic League. The team sustained only one dual meet loss. Highlights of the season were winning the Brighton and Spencerport Invitationals as well as placing 6th in a field of 66 teams that participated in the McQuaid Invitational. Prospects for next year appear encouraging since this year's squad was composed entirely of juniors.

"To sum up this past season in a few words is not easy. There were many good things this year, but there is one that is especially worth mentioning. The spirit felt both on the team and in the stands. It was the most impressive thing that Mooney ever saw. It was always there to pick us up when we were down. To accept defeat was impossible because we knew that those fans were behind us. Spirit was a powerful weapon for us this year. It helped us win ball games and it made us feel good."

"We were an inexperienced team this year with only three of the eight of last year's members on our team. But we still were in strong competition for the title. This was due to the concern shown by the coach and all the team to help anyone who was having a problem. This is what helped to make this a prosperous year."

"The purpose of our squad is to cheer our team to victory. The victory, however, goes much deeper than that because we are victorious in the friends we make and cherish. Thirteen girls work as one; a unit unable to be divided at a game, at practice or in the picture you see here. We put our thoughts together. Our hopes, our spirit, our enthusiasm and our love work to make us a squad, a team, a union that is unbeatable on the court and off."

FACULTY-SENIOR GAMES

"Always eager to teach, the Faculty Touch-Football Team gave an example lesson in sportsmanship and the art of grateful losing by bowing to the youthful Seniors, 7-5. It was a bruising match with the faculty minus some of its regulars (coaching duties called them elsewhere). The faculty team showed the great vitality and team spirit that characterizes their profession as they fought to close the gap even to the end.

The foot race is on.

The "over the hill" gang gets one away.

"T" formation.

Mama Mia, it's a spicy football!

Football:	Seniors	49	Faculty	21
Basketball:	Seniors	47	Faculty	68

"And, as every lesson taught has to be tested, a greatly strengthened and more practiced faculty basketball team challenged the seniors in order to measure how well they had learned the lesson of sportsmanlike losing. And lose the seniors did, 68-47!!! Undaunted by youth, the faculty team displayed their own superb talent by dominating the entire game. The lesson of losing had been taught once and need never be retaught."

— Sister Kathleen Mary

Evidence of Faculty height advantage.

Joe "pump" Germano passes?

Two members of the Faculty Emergency Squad are needed on the court.

Coach Volkmar at the senior helm.

"After having throttled the faculty so unmercifully in football, the seniors were true to the Christian ethic, thereby accounting for our attempt to give the faculty some false sense of satisfaction in basketball. We believe that throughout the year, the Spirit of '73 came through and put the faculty in their place."

100 DAYS

"Rowdy guys, boutonnieres, laughing girls, corsages, cheering seniors, two Irish moderators, banquet breakfast, lunchtable chants, memorable signs, endless posters, frosh year pictures, multicolored balloons, hundreds of beer cans, one surprise-filled dean's office, green and yellow crepe paper, red and white streamed halls, sticky tape, junior clean-up, 'shocked' teachers, one beloved Principal and Assistant Principal, one gleeful Mrs. Hart, one busy Brother John, smiling faces, tearful eyes, wishful underclassmen, our old friend 'Jenny Cream' in a 13-ounce mug, and one happy Italian president.

"This year's 100 Days was not only celebrated by a happy, fun-loving bunch of seniors, but also by the entire faculty. As a token of appreciation, every faculty member was given flowers and a mug, compliments of the Senior Class of 1973."

A FIRST BY VARDEN

Student Yearbook Photographers Workshop "a Fantastic Success"

In August of 1972, Varden Studios sponsored a workshop for student yearbook photographers which was held on the St. John Fisher College campus in Rochester, New York.

One hundred and forty students and yearbook advisors took over 12,000 photographs during a 3 day period. All photos were processed and critiqued during the workshop. In addition to this, everyone enrolled attended 4 theory lectures, 5 one hour talks by top men in their fields, 2 slide shows by Kodak, a tour of the Rochester Institute of Technology photo department and also found time for a cookout and several social hours which included an all night rap session.

Photographs . . . The Heart of Your Yearbook

Everyone was asked to fill out sheets to evaluate the workshop. Some of the comments were: quote "I hope I flunked so I can return next year" by Laurie Chapman, Amsterdam High School, Albany, New York. "Varden should conduct workshops, again, again, again and again" by Terry Tiraborelli, Fairport High School, Rochester, New York. "I thought the whole workshop was fantastic" by Kathy Beerhalter, John F. Kennedy High School, Utica, New York. "I believe that this workshop, the knowledge and commitment that is involved, has broadened our minds not only as photographers, but also as adult human beings, who can work together to obtain a more advanced form of communication" by Craig Gross, Corning-Painted Post East High School, Corning, New York.

Workshop '73 has already been planned. For information, call or write Mr. Carl Tandoi, Varden Studios, Inc., Rochester, New York 14607. Phone 546-2360. We hope to see you there.

Don,
Don't work too hard on the
